World Harvest Missions
 PO Box 280
 Elk, WA 99009

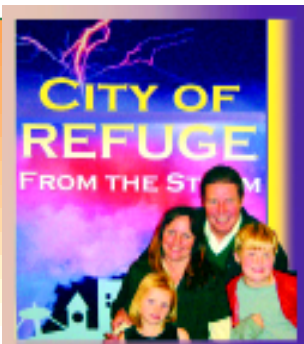

our email address is: worldharvestmissions@yahoo.com or adriansimila@yahoo.com our website is: worldharvestmissions.com

Please contact us immediately if you want to help the Lord provide the needed finances, materials, or skills needed to finish our multipurpose building.*

*Phase II (septic, electric, plumbing, & foundation scheduled to be completed by Nov. 1, 08). Call for a list of needed materials and be sure to write "building fund" for gifts designated for this purpose.

Mission Statement:

Our purpose is to glorify God by exalting the Name of Jesus Christ through the preaching of the gospel and making disciples of all people. Our vision is to evangelize the poor, the homeless, the street people, the counter and subcultures, the groups for the most part that are unreached by the traditional church. Our goal is to make disciples through community living, practical service, daily study and application of God's Word. Our aim is to equip and send trained disciples to minister worldwide, start churches and ministries relevant to reaching this generation.

Disciples at The Lord's Ranch in front of our new 60' x 88' building. We are in a season of building for the future, ". . . being confident of this very thing, that He who has begun a good work in (us) will complete it."
 Phillipians 1:6

The Lord's Ranch & the Harvest

A desire to learn more about Jesus is all you need to come to The Lord's Ranch. Some come to serve in the ministry or join the evangelism team. A good percentage have hit rock-bottom and need to spend some "carpet-time" before the altar. Some that have been in and out of secular treatment centers most of their adult life find success with us for several reasons. These are the "OVERCOMERS": determined ones who keep getting back up, willing to sacrifice to save their life. *We point them to the real solution: **Jesus Christ!***

It's an opportunity to restart, heal, and break destructive habits. One can expect to grow spiritually through daily Bible study, great preaching, worship, prayer, and practical service.

Currently, there are about 40 people living at the ranch and most of them are in discipleship. It's a faith mission. Few work jobs outside the ranch and most of our support comes through outside donations from churches and individuals. Everyone helps out with daily chores like cooking, cleaning, gardening, and cutting firewood. As prices rise, our faith level rises to prepare the House and harvesters for the **final harvest**. *We want to thank-you for standing with us and your prayers!*

EVANGELISM REPORTS

Europe Invasion

In December '07, God provided a way for Adrian and Janis Simila and their family to minister in Europe. They renewed relationships, ministering in several meetings, ministering in Copenhagen, Denmark, and Stockholm, Sweden. On the return trip, they spent a few days with the Jesus Army in London, England.

Now, plans are being made to go back with a team. The ministry has helped several men get their passports and "hands-on" training. They have been offered a bus in Sweden that they can drive to meetings planned in Germany, Romania, and the Ukraine.

The doors of the gospel are wide open overseas **NOW**, but they *could* close suddenly. Pray for a mighty revival and partner with us for the financial miracle needed to go! The harvest is ripe!

"no man has left houses, or brethren, . . . for my sake & the gospel's, but he shall receive hundredfold . . ."

Matthew 19:29

"The fruit of the righteous is a tree of life; and he that winneth souls is wise."

Proverbs 11:30

National Rainbow Gathering '08

This year the Gathering was held in the National Forest near Boulder, Wyoming. I went with a team of nine evangelists from The Lord's Ranch in a mini-van and a truck. We had a couple of mechanical breakdowns, but by the grace of God we arrived on July 1st.

With our Jesus banner proudly flying, we shared the gospel with hundreds in our free kitchen. During the day, we'd set up next to the trail and give out water, Bibles, tracts, zoo-zoos, and pray with people. We met with other ministers of the gospel in the mornings for prayer and the evenings in the main meadow for worship.

A girl named Sara from the Pirates camp got saved and started serving in our kitchen. A Hare Krishna was converted and one ten-year old boy prayed to receive Jesus. Later, his father thanked us and gave me \$100!

A typical scene in the main circle at the Rainbow Gathering.

On the way home, we evangelized in Pinedale, Jackson, and Missoula and ran into the same Pirate gang in all three towns! They let me come on their bus and pray for some of the kids that were sick. One girl said, "We see you everywhere, I feel like God is chasing me! Maybe it's time to come back to Him!"

- Adrian Simila

Rand & Becky Miller

Longtime friends and comrades on the mission field, the Millers moved from Elk, WA on May 28th to a large complex in central Germany. They are leaving the four older kids and the ones going are pictured with them. They will raise up other ministers here into the vision God has for them.

Their note: "We want to give our great appreciation to Adrian for inviting us on the mission field twenty years ago. His vision of a road being built in Europe to go to the East is being fulfilled by we Americans that heeded that call. We went into Eastern Europe to lead amazing outreaches and humanitarian work. We believe God is going to use us again and are grateful to be a part of continuing the gospel road eastward. We plan to send missionaries into Turkey and also begin a work in Constanta, Romania. Pray for us!"

Rand, Becky & their children: Jordan-17, Sarah -15, Michelle -10, & William - 5.

New Hope Urban Ctr.

New Hope has been our main outreach to the homeless and street people of Spokane for the last four years. Five days a week, a hot meal is served with prayer, preaching and the Love of Jesus.

Last year, the property sold and it recently moved into a new season and location in the Grace Lutheran Church, 1827 E. Pacific. God has been transforming this area over the last few years. There is a new population to feed and minister to. They have been doing some creative outreaches, like block parties in the area. Keep them in your prayers.

Open Wednesday-Sunday, 3-6 pm, call Ian: 509-455-5444

Mark of the Beast

Did you know that NAIS (National Animal Identification System) was hushed and rushed into law in WA state by elected officials? The law requires all animals from chickens to horses be physically tagged with a rfid¹ chip so they can be tracked and monitored. It's not being enforced yet, but the goal is to have everyone in compliance by 2009.

Has anyone considered the gross violation of American's constitutional and privacy rights; the millions of dollars and government man-hours this would cost; or the increase in food prices and shortages? Anybody that believes this is a good thing has to be strongly deluded or paid off by the USDA.² For info on your state and how to get involved, go to:

www.farmandranchfreedom.org, libertyark.net, or nonais.org

¹ radio frequency identification device, ² The USDA is generously funding states to implement NAIS & create incentives to increase participation.

Ranch Realities

The most important job we have is getting the men here saved, healed, delivered, and trained in the Word. Giving them some great options when they leave

is key to their success. Several have moved to Shiloh Fellowship in Colville, which will start classes again in September for the Harvest Bible College. This is for serious soldiers, and we plan to expand further with a school of evangelism at the ranch once our new building is finished.

The Lord of the Harvest heard our cry for laborers and finances to keep the outreach team going this summer. They served free food and the Gospel at three barter fairs. They hit Spokane, Portland, and Seattle streets, and local festivals in Newport, Deer Park, and Colville.

We have been busy making The Lord's Ranch a better place for the disciples and have remodeled and replumbed two bathrooms. It's lookin' like a park out here since we towed the extra vehicles, built fences, planted about six acres in alfalfa and oats, and expanded the garden. We praise

Graduate house on 2306 W. Gardner.

God for the new well and five new horses! We could not do these things without alot of help from Jesus, many friends, and House Manager, the talented Pastor Steve Anderson. Thanks!

Just Married?

New Harvest House

God answered our prayer for an in-town transition home and base to better evangelize Spokane. They opened in March with eight brothers in one of the neediest areas of Spokane, the West Central District.

Already, several have gotten their first job ever, or in many years. It is a bridge between the ranch and the door God opens. Serving God and staying in the Word with other christians keeps them on track. They can save for missions or the next step in the restoration process.

World Harvest helped them get set up and provides some support. Several men of God come to do weekly Bible studies, and they have a vision for barbecues and outreach to the neighborhood. Praise God!

America's Future in ?

This is a critical hour. The battle of Armageddon against family values is raging. Same-sex marriages have been legalized in California. This decision affects the entire nation! It will be challenged at the polls this November and we pray that it will be reversed. McDonalds recently made a bold statement that anyone who does not support same-sex marriage is motivated by hate.³

"Woe to those who call evil good and good evil!"
Isaiah 5:20
